WORK EXPERIENCE

MOTIVATIONAL FULFILLMENT & LOGISTICS SERVICES (third-party logistics company) Chino, CA
Software Developer Nov 2022 – Current

- Designed and coded inventory migration tool to facilitate transition from obsolete warehouse management system to current.
- Developed KPI reports using SQL to provide insight on arrival, departure, and yard data.
- Created business intelligence dashboards for both internal and client facing KPI visualization by utilizing Chart.js library.
- Aided in robotics integration for automated SKU picking by designing a storage table for binary represented images and providing them on demand to privileged agents.
- Crafted data queries from header to detail level for day to day operations use and client report automation.
- Provided outstanding ticket resolution rate with shortest response time in department(<1 hour).

Fuel Pros Inc. Chino, CA
Billing Manager Mar 2021 – Nov 2022

- Reached yearly revenue percentage growth target(10%) through inter-department collaboration and diplomacy.
- Standardized invoicing and billing procedures to reach the department's real time billing goal.

The Gilbert Company Chino, CA
Logistics Coordinator June 2019 – Mar 2021

- Planned and managed load distributions across fleet resources while accounting for operator satisfaction, off-duty time, and deadlines.
- Excel data entry and tabulation for presentation to management.

Built to Fight Industries Chino, CA
Assistant Manager / Key Holder Jan 2018 – June 2019

- Coordinate warehouse and storefront via management of: inventory, delivery times, and miscellaneous organizational conflicts.
- Creation of end of day documents; reported returns, sales, and sales projections.

PORTFOLIO PROJECTS

SOCIAL MEDIA APP Oct 2024

- Designed and developed a Twitter(X)-like application with Laravel. Implements security policies, mail sending, and various other industry standard mechanisms.
- Technologies: PHP, Laravel, MySQL, Blade Templates, MailTrap, Docker.
